

Kaixin Zeng

(410)3610881 | Email: kzeng6@jh.edu | <https://www.linkedin.com/in/kaixin-zeng>

EDUCATION BACKGROUND

Johns Hopkins Whiting School of Engineering | Expected Graduation: December 2026 Baltimore, MD

- Master of Science in Engineering Management
- Relevant Coursework: Accounting & Finance, Presentations, Principles of Database Systems, Systems Engineering, Data Strategy & Visualization, Managing People & Resolving Conflicts

Zhejiang A&F University | Graduated: July 2025 Hangzhou, China

- Bachelor of Science in Landscape Architecture | GPA: 4.0 | Outstanding Graduate

PROFESSIONAL EXPERIENCE

Marketing Operations Analyst Intern May 2026 - June 2026
The Novra Charlotte, NC

- Engaged prospective customers and promoted environmental nonprofit initiatives through needs-based outreach, converting customer interest into sales, achieving a personal record of **9 completed transactions** in one week
- Coordinated daily marketing booth operations and analyzed customer interactions with supervisors, refining outreach strategies and strengthening sales communication, performance tracking, and customer engagement skills

AI Strategy Analyst Jan 2026 - Feb 2026
Ramboll Copenhagen, Denmark

- Analyzed AI adoption across architecture and engineering workflows through interviews with engineers and designers, identifying fragmented tool usage, workflow pain points, and human-AI collaboration barriers
- Identified opportunities for neuro-symbolic and agentic AI adoption, recommending integrated implementation and a value-based evaluation framework to improve design outcomes while preserving human judgment and agency

Commercialization Strategy Analyst Oct 2025 - Dec 2025
Karaorchee, Inc. Remote

- Interviewed **80+** students, faculty, and campus organization representatives, synthesizing user needs and adoption barriers to develop a go-to-market strategy for an AI-powered music platform
- Synthesized findings into pilot launch and pricing recommendations, supporting product planning, stakeholder alignment, resource prioritization, the platform officially launched and **began operations in early 2026**

Hospital Operations Strategy Analyst Aug 2025 - Oct 2025
Johns Hopkins Bayview Medical Center Baltimore, MD

- Conducted **20+** stakeholder interviews and analyzed scheduling data using Excel & Python, identifying operational bottlenecks and developing a regression model projecting **35%** reduction in schedule inefficiency
- Synthesized findings through Tableau dashboards and delivered strategic recommendations to hospital leadership on workforce planning, scheduling optimization, market-access frameworks to improve continuity of care

Project Operations Analyst Intern Jun 2024 - Aug 2024
Zhejiang Industry Design&Research Institute Co., Ltd Hangzhou, China

- Conducted on-site research to assess site conditions and identify key spatial and operational issues, translating findings into a functional design solution for a hotel development project
- Prepared project cost analyses and adjusted material selections based on budget constraints, reducing the projected budget by approximately **RMB 30,000** while supporting resource allocation and cost control

LEADERSHIP EXPERIENCE

Deputy Director, University News Agency July 2023-July 2025
Zhejiang A&F University Hangzhou, China

- Led a **300+** member student media team and coordinated content planning, task assignment, and daily operations
- Managed official accounts across five platforms, helping reach 1M+ views through event coverage and video content

Asian Games Volunteer Photographer Sep 2022-Nov 2022
Asian Games Hangzhou, China

- Responsible for event photography, including sports activities, volunteer work, and on-site operations
- Managed photo editing and timely delivery to support real-time public communication

COMPUTER SKILLS & OTHERS

Programming: Python (pandas, NumPy, matplotlib) | C++ | SQL | Arduino

Computational & Data: Excel | Tableau | Power BI | Data Cleaning | Regression Analysis | Data Visualization

Engineering: Systems Engineering | Requirements Analysis | Process Modeling | Hardware-Software Integration | Prototyping

AI & Collaboration: ChatGPT | Claude | Cursor | AI-assisted Workflows | Problem Solving | Cross-functional Collaboration
